### **OSF CHAMPIONSHIPS 2021**

The Oceania Shooting Federation Championships, which were scheduled to be held at the Brisbane International Shooting Centre in November 2021, have been CANCELLED.

This decision has been taken after consultation with members of the OSF and the LOC (Shooting Australia). It has become obvious that most of the National Federations in the region are not able to commit to attending the event due to COVID-19 health and safety impacts as well as ongoing travel and quarantine restrictions.

The Executive of OSF fully support our members in their decision not to attend as the health and safety of our athletes must always be a priority.

The next OSF Championship is now planned for 2023.

### **GENERAL ASSEMBLY 2021**

As a result of the above the General Assembly for 2021, that was to be held at the time of the OSF Championships, will be rescheduled. The meeting will be an electronic meeting as authorized by the regulatory authority under which OSF is registered.
